Education

RD National   **Mumbai**
Bachelor of Science in Information Technology   *2020–2023*

Technical Skills

Frontend: JavaScript, HTML, CSS
Backend: SQL
Frameworks: React
Tools: ESLint, Prettier, JIRA, GitHub

Projects

Responsive Insurance Website
Built a user-friendly, responsive website for an insurance service using HTML, CSS, and JavaScript. Designed to adapt seamlessly across devices, improving accessibility and user experience for a diverse audience.

Box Breathing App
Developed a breathing exercise application with HTML, CSS, and JavaScript. Focuses on promoting relaxation through guided breathing exercises, enhancing wellness through interactive design.

BMI Calculator
Created a BMI (Body Mass Index) calculator with JavaScript for personalized health insights. Allows users to easily calculate their BMI based on inputted data, providing quick and accurate feedback.

Dark Mode to Light Mode Page
Designed a page with toggleable dark and light modes. Ensures a customizable user interface, prioritizing user preference and accessibility.

To-Do App
Built a task management app with HTML, CSS, and JavaScript. Allows users to add, edit, and remove tasks, enhancing productivity through a simple, user-centered interface.

Hobbies

Personal: Reading, working out, exploring new technology trends
